

STOKES CROFT HERITAGE TRAIL

Stokes Croft Traffic Cone Trail

Playing on the recent success of the lion parade in Bath and the attraction of the gorillas in Bristol, Level 1 Art and Design students from City of Bristol College produced 3D plaster traffic cones reflecting the various businesses on Stokes Croft.

Each cone was tailored to a specific business representing themes and concepts relating to that business.

Traffic cones were placed along Stokes Croft at:

- △ Hein Gericke designed by Aaron Whitelock
- △ Cyclelife designed by Dan Haynes
- △ Unlock It designed by Jasmine Rogers
- △ Dulux designed by Kassian Tyler
- △ PRSC shop, Jamaica Street designed by Densville Clarke
- △ Bristol News, Jamaica Street designed by Botond Turi
- △ Discount Heating Supplies designed by Samantha Bruton
- △ Stokes Croft Museum designed by Steven Watson
- △ Slix designed by Greg Naparty
- △ Hooper House designed by Nina Charusrikamon
- △ Treasure, Cheltenham Road designed by Katrina Helvin
- △ The Full Moon designed by Tom Palmer
- △ Gents hairstylist, Cheltenham Road designed by Tom Willett
- △ Love Art, Cheltenham Road designed by Claire Glover
